AM|FM|SW RADIO | LED FLASHLIGHT  
POWERBANK 2.500 mAh

**MAKI**

# POWERplus® Maki

Dynamo - Solar - USB

AM|FM|SW RADIO | LED Flashlight

Powerbank 2.500 mAh

Discover another outstanding product from the POWERplus® range – the **POWERplus® Maki**.

Built for adventure and reliability, the Maki combines multiple essential functions in one robust and versatile device.

Equipped with **AM, FM, and SW bands** (including SW band compatibility for the USA), the Maki keeps you connected wherever you are. Whether you're deep in nature or facing an emergency, clear and dependable radio reception is always within reach.

More than just a radio, the Maki features a **2,500 mAh powerbank** to charge your mobile devices, a **bright 3-LED flashlight**, and a **foldable reading light** for added convenience.

Its **integrated carabiner** allows you to easily attach it to your backpack, belt, or gear — perfect for **camping, hiking, boating, or any outdoor adventure**.

Designed with sustainability and compliance in mind, the Maki uses a **replaceable 18650 Li-Ion battery**, meeting all current EU regulations.

Whether for emergencies or everyday outdoor use, the **POWERplus® Maki** is your ultimate companion for power, light, and communication — wherever life takes you.

Dynamo - Solar - USB charging

USB-A and USB-C output | Integrated carabine

Robust design with bright 3 LED flashlight

Built-in movable LED reading lamp

Adjustable solar cell for optimal charging angle
